- Visa, the global card transaction company, has launched a new feature in India that allows users to make online payments without the need for a CVV number.
- The feature applies to tokenised credit and debit cards and is only available for domestic transactions in India.
- When a user tokenises their card, it is secured with a unique code and transactions are completed using a two-factor authentication process, which does not require the 16-digit card number or any other card details.
- The new authentication method protects users from cyber fraud as the token cannot be used on another platform.

3) Adani Ports and Special Economic Zone Ltd

- Adani Ports and Special Economic Zone Ltd (APSEZ) announced that it has completed the sale of its Myanmar port, Coastal International Terminals Pte Limited, for \$30 million.
- The decision to exit the project was made based on recommendations by the Risk Committee in October 2021.
- The sale was initially announced in May 2022, following a military coup in Myanmar and subsequent crackdown on mass protests that drew international condemnation and US sanctions.
