India Ratings raises sovereign GDP growth estimate for FY25 to 7.1%

- India Ratings and Research revised upward the country's GDP growth estimate for FY25 to 7.1 per cent from 6.5 per cent earlier.
- The projection is marginally higher than the Reserve Bank's estimate of 7 per cent.
- It said that factors that may constrain growth include consumption demand not being broad based and the headwinds faced by exports due to sluggish growth globally.
- The agency expects the growth in private final consumption expenditure to jump to 7 per cent in FY25, up from 3 per cent in FY24, and added that this will be a three-year high.
- The headline inflation will moderate in FY25, but the Reserve Bank will remain vigilant.

India Ratings and Research Private Limited

- India Ratings and Research Pvt Ltd is a securities rating agency.
- The Company maintains coverage of corporate issuers, financial institutions, which includes banks and insurance companies.

Q. 'According to India Ratings and Research Private Limited the India's GDP growth estimate for FY25 is stood at _____. **7.1%**

Wipro, Microsoft team up for AI virtual assistants for financial services

- IT major Wipro has teamed up with Microsoft to launch a suite of cognitive assistants for financial services powered by generative artificial intelligence (GenAI).
- These assistants, named Wipro GenAI Investor Intelligence, Wipro GenAI Investor Onboarding, and Wipro GenAI Loan Origination, aim to revolutionise how financial professionals operate.
- Using cutting-edge GenAI technology, these assistants will furnish financial experts with in-depth market insights and timely updates on investment options and customer behaviour. They'll also streamline the investor onboarding and loan origination processes by slashing document validation times and offering helpful responses to investor queries.
- Wipro's new GenAI-powered cognitive assistants will run on Microsoft Azure Open AI and will be available on Azure App Services. Estd: 2007

Indian-American Astronaut Sunita Williams To Fly To Space Again

- Indian-American astronaut Sunita Williams will fly to space again on first crewed mission of Boeing's Starliner.
- She will make her long-awaited return to space aboard Starliner, as Boeing conducts the spacecraft's maiden human spaceflight.
- Williams, will join fellow Nasa astronaut Barry Butch Wilmore, on the Crew Flight Test (CFT) mission, the first crewed flight of the Starliner to the International Space Station (ISS).
- Astronauts Sunita Williams and Barry Willmore will launch atop a United Launch Alliance, Atlas V rocket from Cape Canaveral Space Force Station in Florida.
- This mission is a crucial step in certifying the Starliner system for regular crew rotations to the orbiting laboratory.
- It will provide Nasa with a second option for transporting astronauts to the ISS alongside SpaceX's Crew Dragon.

Q. Which two astronauts have been selected to fly to space again on first crewed mission of Boeing's Starliner? **Sunita Williams and Barry Willmore**

Frank Shrontz, Boeing CEO During Era of Innovation, Dies at 92

- Frank Shrontz, who spent a decade leading US aviation giant Boeing Co. through upswings and downturns amid fierce competition, has died. He was 92.
- Shrontz, an attorney by training, was Boeing's chief executive officer from 1986 to 1996.
- It was an era of innovation, from designing ground-breaking new jets such as the Boeing 777 to elevating quality standards after he studied processes pioneered by Japanese automakers such as Toyota Motor Corp.
- Boeing needed all that to compete against its European rival Airbus SE.
- While Shrontz had no engineering background, he fostered leaders including engineers Philip Condit, his successor as Boeing's CEO, and Alan Mulally, who turned around the company's commercial airplane division in the late 1990s before leading Ford Motor Co.

Q. Frank Shrontz, who spent a decade leading US aviation giant _____ died recently. **Boeing Co.**

McAfee partners with Intel to bring AI-powered Deepfake detector for videos

- US-based cyber security company McAfee has announced enhancements to its AI-powered deepfake detection technology in collaboration with the American chip maker Intel.
- According to the company, the McAfee Deepfake Detector leverages the enhanced neural processing unit (NPU) of the Intel Core Ultra processors to run AI algorithms for detecting synthetic content.
- The entire analysis and detection process takes place on the device itself, without needing to send personal data to the cloud for processing.
- While this process ensures user's privacy, it also improves the performance of the deep fake detection technology by 300 per cent.
- The McAfee Deepfake Detector uses AI-based detection techniques, including transformer-based "Deep Neural Network" models, which are specifically trained to detect and notify customers when audio in a video is likely generated or manipulated by AI.

Q. Which US-based cyber security company has announced enhancements to its AI-powered deepfake detection technology in collaboration with the American chip maker Intel? **McAfee**

Kyren Wilson wins maiden snooker world title

- Kyren Wilson clinched the World Snooker Championship title.
- Jones launched a determined bid for an improbable comeback, taking three consecutive frames just as Wilson stood one frame away from victory.
- However, Wilson's exceptional win in the 18th frame sealed his maiden championship title, and the flood of emotion nearly overwhelmed him as he remained at the table.
- Jones had aimed to become the first qualifier to seize the World Championship since Shaun Murphy's victory in 2005. However, Wilson maintained a steady lead throughout the contest, securing his final spot by defeating Dominic Dale, Joe O'Connor, John Higgins, and David Gilbert.

World Snooker Championship

- Country: England
- Organisation: World Snooker Tour
- Total prize fund: £2,395,000
- Winner's share: £500,000
- Highest break: Noppon Saengkham (147)

Q. Who has won the World Snooker Championship 2024 title in England? **Kyren Wilson**
