INTERNATIONAL

1) Lawrence Livermore National Laboratory

- United States has announced a nuclear fusion breakthrough, a historic step towards the promise of 'near-limitless' clean energy and may help the fight to curb climate change.
- US Department of Energy said, researchers at the Lawrence Livermore National Laboratory in California for the first time produced more energy in a fusion reaction than was used to ignite it, something called net energy gain.

2) Global Trade Surges to \$32 Trillion Record in 2022 Says UN

- The value of global trade is set to reach a new record this year, increasing by about 12 per cent to an estimated \$32 trillion, according to a UN report that signaled a slowdown heading into 2023.
- "The substantial trade growth during the last year was largely due to increases in the value of the trade of energy products," the United Nations Conference on Trade and Development said in the report. Trade in merchandise goods soared to \$25 trillion, an increase of about 10 per cent versus the prior year. Trade in services grew 15 per cent year-over-year to nearly \$7 trillion, according to the report.

3) G-7 Agrees \$15.5B Energy Deal with Vietnam to Cut Emissions

- A group of nine rich industrialized nations approved a deal to provide Vietnam with \$15.5 billion to help the Southeast Asian nation move faster from coal power to renewable energy, cutting its climate-damaging pollution.

2) Spectrum for satellite communication

- India will be the first country to auction spectrum for satellite communication, and it should be designed to attract investments in the sector, telecom regulator Trai chairman PD Vaghela said.
- Speaking at a Broadband India Forum summit on SatCom, Vaghela said the Telecom Regulatory Authority of India (Trai) will soon make recommendations to make permissions required for satellite communication from various ministries — Information and Broadcasting, Space and Telecom — seamless to enhance ease of doing business in the sector.
- He also said Trai has received a reference from the Department of Telecommunication for the spectrum required to be put to auction and associated aspects of satellite-based communication.
